X Series UNDERSINK REVERSE OSMOSIS FILTRATION SYSTEM

Leaving behind the issues
of traditional tank RO

Filter Better Live Healthier

X 16 Undersink Reverse Osmosis System

- 1600 GPD high capacity brings ultimate experience
- 11-stage filtration & LED function guarantee water safety and quality
- Boost health with beneficial minerals
- NSF/ANSI standard 58 & 372 certified purity for healthy drinking
- Smart digital faucet & 3:1 pure to drain ratio

Tankless Reverse Osmosis System

Leaving behind the issues of traditional tank RO

1600 GPD maximum capacity

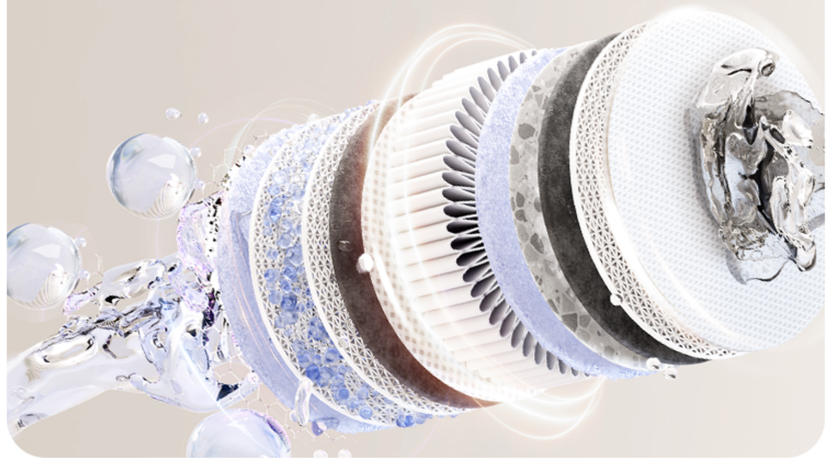
Fill a cup in **2s**

Authoritative certification & Trustworthy

Reduces TDS.PFOA. PFOS, Chlorine, Fluoride,Arsenic, Lead and more

11-Stage Filtration

- **0.0001** μm RO membrane
- Auto-sensing LED function



Alkaline Mineralization

Nourish your body

3:1 Purified Water Ratio

Save **1200%** water source

Smart Faucet

TDS and filter life monitor

* A cup of water has a volume of 6oz.

Waterdrop X16 Undersink Reverse Osmosis System
